郡山市デジタル市役所推進計画

ICTで 見える つながる

「市民総活躍郡山」を目指して

Plan to promote Koriyama City Digital City Hall
Aiming to become a city where citizen's overall activities are visible and connected through ICT

基本方針1 ICTで行政サービスの利便性向上

ICTの活用により行政サービスの利便性向上を図り、行政サービスを、いつでも、どこでも、誰でも、活用できる市役所を目指します。

基本方針2 ICTで情報の見える化・地域情報化

SNSなどのICTの活用により、積極的に情報発信・共有手段の多様化を図り、情報の見える化を推進します。また、オープンデータを活用した取り組みを支援することで、データ活用を通じた、地域の活性化を推進します。

基本方針3 ICTで行政事の効率化・高度化

AI、IoTなどのICTの活用を図り、効率的な行政運営を追求するとともに、QCDの視点による継続的な業務のカイゼンや見直しを図り、行政事務の効率化・高度化を推進します。

Basic Policy 1
Improving the convenience of administrative services with ICT

Improve the convenience of administrative services through the use of ICT and aim to become a city hall whose administrative services can be used anytime, anywhere, by anyone.

Basic Policy 2
Using ICT to make information visible and digitize communities

Proactively communicating information through the use of ICT such as social media, and diversifying the means of sharing information, promoting the visibility of information. In addition, promoting the revitalization of communities through the use of data by supporting initiatives that use open data.

Basic Policy 3
Improving efficiency and enhance administrative affairs with ICT

Seeking more efficient administrative management through the use of AI, IoT, and other ICT platforms, while improving and reviewing continuous tasks from a QCD perspective and promoting better efficiency and enhancement in administrative tasks.
